German Design Award jury statement

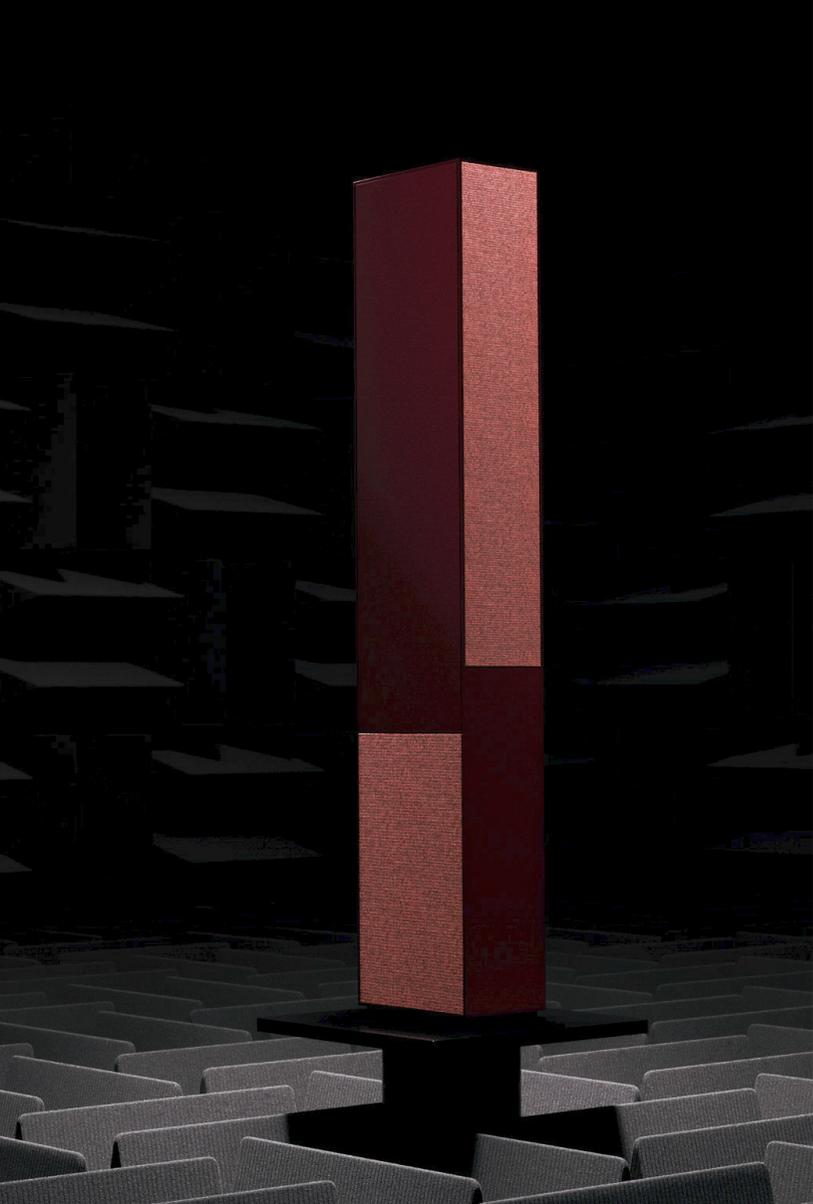

reddot winner 2025

A man with short brown hair and sunglasses is sitting on a black leather sofa, playing an acoustic guitar. He is wearing a black t-shirt and dark pants. The room is bright and modern, with large windows in the background showing greenery outside. A tall, thin, black and white speaker stands next to the sofa. In the foreground, there is a coffee table with a stack of books, a tablet, and a glass. The overall atmosphere is relaxed and stylish.

## OZARK HENRY<sup>®</sup>

Music is something that connects us all. It's a universal language. That's why we bring it to the heart of your luxury home. Aalto F5, our powerful flagship speaker, lets you feel music the way it was meant to be: pure, immersive, and deeply moving. Crafted together with a celebrated Belgian artist Ozark Henry who's at the intersection of design, fashion and music.

## **A shared vision. A new chapter.**

Ozark Henry, the renowned Belgian musician, embraces the essence of Aalto F5. Sound is the only shape that exists when you close your eyes. And if you can't see it, it can make you dream away.

Because in a home defined by luxury, music becomes more than sound. It becomes feeling.
